2 Contractor Requirements: Scope of Work

2.1 Summary Statement

- 2.1.1 The Department of Housing and Community Development (“DHCD”) is issuing this Request for Proposals (“RFP”) in order to provide (1) multifamily loan underwriting services in support of DHCD’s Multifamily Housing Program, and (2) technical assistance and training related to the underwriting of multifamily financings for DHCD staff.
- 2.1.2 It is the State’s intention to obtain goods and services, as specified in this RFP, from a Contract between the selected Offeror and the State.
- 2.1.3 The Department intends to make up to two (2) awards as a result of this RFP. See **Section 4.9 “Award Basis”** for more Contract award information.
- 2.1.4 An Offeror, either directly or through its subcontractor(s), must be able to provide all goods and services and meet all of the requirements requested in this solicitation and the successful Offeror (“the Contractor”) shall remain responsible for Contract performance regardless of subcontractor participation in the work.

2.2 Background, Purpose and Goals

DHCD’s Multifamily Housing Program (“Program”) administers lending to increase available housing statewide. The Program provides low interest loans to third parties for rehabilitation or new construction of affordable multifamily rental housing developments for families and seniors with incomes generally below 60 % of the area median, financed using a combination of federal low income housing tax credits, State rental housing funds, federal HOME funds and tax exempt mortgage revenue bonds.

The Contractor shall perform loan underwriting and technical assistance and training according to the detailed specifications below.

2.2.1 Loan Underwriting

- 2.2.1.1 The Contractor shall be assigned underwriting for two primary project financing types:
 - 2.2.1.1.1 Projects financed with 9% Low Income Housing Tax Credits (“Tax Credits”) and Rental Housing Funds (“RHF”) or other DHCD-controlled resources, and
 - 2.2.1.1.2 Projects financed with tax-exempt bonds and 4% Tax Credits. These projects may also include Rental Housing Works (“RHW”) or other DHCD funding sources.
- 2.2.1.2 For each loan assigned, the Contractor shall perform one or more of the following tasks as directed by the Contract Monitor:
 - 2.2.1.2.1 **Determine Threshold or Eligibility Compliance.** Review financing proposals from developers to determine that they comply with program threshold or eligibility requirements by evaluating the application package material submitted, comparing the proposals to program guidelines and completing a threshold analysis worksheet.

- 2.2.1.2.2 **Conduct Site Inspections.** Inspect project sites and application materials related to the construction, market, site and neighborhood to determine that the work proposed, site conditions and neighborhood characteristics meet Program guidelines.
- 2.2.1.2.3 **Determine Project Selection Compliance.** Review financing proposals to determine compliance with program selection/rating criteria by evaluating application materials submitted, completing a project evaluation worksheet indicating the criteria met, and presenting projects to an internal review committee. For tax-exempt bond projects, bond inducement approval must be secured from the Housing Finance Review Committee (“HFRC”) and the Secretary of the Department of Housing and Community Development (“Secretary”).
- 2.2.1.2.4 **Submission Kit Review and Underwriting of Financing Proposals.** This phase will commence with the convening of a Kick-Off Meeting with the sponsor and the development team. Review appraisals and market studies, qualifications, financial statements and credit reports of development team members, underwriting pro forma, and other required documentation to determine compliance with Program requirements. Review also development team capacity, viability, feasibility and acceptability of proposals, and acceptable financial risk of financing requests by comparing the information provided to Program guidelines which include DHCD’s Qualified Allocation Plan and Multifamily Rental Housing Program Guide. Applicants will make use of DHCD’s Submission Kit Packages (Application, Viability, Commitment and, if approved, Viability-Commitment). After receipt of complete submission kits, a report must be generated and, after review by the assigned DHCD Team Leader, submitted to the project sponsor using the DHCD reporting formats.
- 2.2.1.2.5 **Tax-Exempt Bond Projects - Prepare Project Recommendations.** For tax-exempt bond projects only, compose project summaries providing descriptions of the project, market financing terms, risk analysis, unique policy implications and development team data, obtain appropriate Program approvals, and present the project with recommendations to HFRC for review and approval.
- 2.2.1.2.6 **Prepare Program Documents and Close Financing.** Compose Program documents relating to allocations, tax reservations and progress reports. Documents such as binding agreements, commitments, closing documents and grant agreements to allocate financing to projects will be prepared by the Maryland Office of the Attorney General (“OAG”) or law firms designated by the OAG. The Contractor will cooperate with the attorneys in the preparation of the documents, review due diligence

documents based on Program requirements and closing checklist, finalize budget and first draw request, and attend loan closings when appropriate

- 4.12.4** Acknowledgement of the receipt of addenda to the RFP issued after the Proposal due date shall be in the manner specified in the addendum notice.
- 4.12.5** Failure to acknowledge receipt of an addendum does not relieve the Offeror from complying with the terms, additions, deletions, or corrections set forth in the addendum, and may cause the Proposal to be deemed not reasonably susceptible of being selected for award.

4.13 Cancellations

- 4.13.1** The State reserves the right to cancel this RFP, accept or reject any and all Proposals, in whole or in part, received in response to this RFP, waive or permit the cure of minor irregularities, and conduct discussions with all qualified or potentially qualified Offerors in any manner necessary to serve the best interests of the State.

If applicable, the Offeror's Proposal shall contain an explicit statement, signed by an authorized representative of the parent organization, stating that the parent organization will guarantee the performance of the subsidiary.
- 4.16.4** A parental guarantee of the performance of the Offeror under this Section will not automatically result in crediting the Offeror with the experience or qualifications of the parent under any evaluation criteria pertaining to the actual Offeror's experience and qualifications. Instead, the Offeror will be evaluated on the extent to which the State determines that the experience and qualifications of the parent are applicable to and shared with the Offeror, any stated intent by the parent to be directly involved in the performance of the Contract, and the value of the parent's participation as determined by the State.

4.17 Acceptance of Terms and Conditions

The Commissioner of Labor and Industry at the Maryland Department of Labor requires that a contractor subject to the Living Wage law submit payroll records for covered employees and a signed statement indicating that it paid a living wage to covered employees; or receive a waiver from Living Wage reporting requirements. See COMAR 21.11.10.05.
- B. If subject to the Living Wage law, Contractor agrees that it will abide by all Living Wage law requirements, including but not limited to reporting requirements in COMAR 21.11.10.05. Contractor understands that failure of Contractor to provide such documents is a material breach of the terms and conditions and may result in Contract termination, disqualification by the State from participating in State contracts, and other sanctions. Information pertaining to reporting obligations may be found by going to the Maryland Department of Labor website <http://www.dllr.state.md.us/labor/prev/livingwage.shtml>.
- C. Additional information regarding the State's living wage requirement is contained in **Attachment F**. If the Contractor provides more than 50% of the services from an out-of-State location, the State agency determines the wage tier based on where the

- 2) The Contract will be determined to be a Tier 1 Contract or a Tier 2 Contract depending on the location(s) from which the Contractor provides 50% or more of the services. The Offeror shall complete the Financial Proposal Form only as provided in the Financial Proposal Instructions and the Financial Proposal Form itself. Do not amend, alter, or leave blank any items on the Financial Proposal Form or include additional clarifying or contingent language on or attached to the Financial Proposal Form. Failure to adhere to any of these instructions may result in the Proposal being determined to be not reasonably susceptible of being selected for award and rejected by the Department.

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.

6 Evaluation and Selection Process

6.1 Evaluation Committee

Evaluation of Proposals will be performed in accordance with COMAR 21.05.03 by a committee established for that purpose and based on the evaluation criteria set forth below. The Evaluation Committee will review Proposals, participate in Offeror oral presentations and discussions, and provide input to the Procurement Officer. The Department reserves the right to utilize the services of individuals outside of the established Evaluation Committee for advice and assistance, as deemed appropriate.

During the evaluation process, the Procurement Officer may determine at any time that a particular Offeror is not susceptible for award.

6.2 Technical Proposal Evaluation Criteria

The criteria to be used to evaluate each Technical Proposal are listed below in descending order of importance. Unless stated otherwise, any sub-criteria within each criterion have equal weight.

6.2.1 Offeror's Technical Response to Requirements and Work Plan (See **Section 5.3.2.F**)

The State prefers the Offeror's Technical Proposal to illustrate a comprehensive understanding of work requirements and mastery of the subject matter, including an explanation of how the work will be performed. Proposals which include limited responses to work requirements such as "concur" or "will comply" will receive a lower ranking than those Proposals that demonstrate an understanding of the work requirements and include plans to meet or exceed them.

6.2.2 Experience and Qualifications of Proposed Staff (See **Section 5.3.2.G**)

6.2.3 Offeror Qualifications and Capabilities, including proposed subcontractors (See **Section 5.3.2.H**)

6.2.4 Economic Benefit to State of Maryland (See **Section 5.3.2.O**)

6.3 Financial Proposal Evaluation Criteria

All Qualified Offerors (see **Section 6.5.2.D**) will be ranked from the lowest (most advantageous) to the highest (least advantageous) price based on the Total Proposal Price within the stated guidelines set forth in this RFP and as submitted on **Attachment B - Financial Proposal Form**.

6.4 Reciprocal Preference

6.4.1 Although Maryland law does not authorize procuring agencies to favor resident Offerors in awarding procurement contracts, many other states do grant their resident businesses preferences over Maryland contractors. COMAR 21.05.01.04 permits procuring agencies to apply a reciprocal preference under the following conditions:

- A. The Maryland resident business is a responsible Offeror;
- B. The most advantageous Proposal is from a responsible Offeror whose principal office, or principal base of operations is in another state;
- C. The other state gives a preference to its resident businesses through law, policy, or practice; and
- D. The preference does not conflict with a federal law or grant affecting the procurement Contract.

- 6.4.2 The preference given shall be identical to the preference that the other state, through law, policy, or practice gives to its resident businesses.

6.5 Selection Procedures

6.5.1 General

- A. The Contract will be awarded in accordance with the Competitive Sealed Proposals (CSP) method found at COMAR 21.05.03. The CSP method allows for the conducting of discussions and the revision of Proposals during these discussions. Therefore, the State may conduct discussions with all Offerors that have submitted Proposals that are determined to be reasonably susceptible of being selected for contract award or potentially so. However, the State reserves the right to make an award without holding discussions.
- B. With or without discussions, the State may determine the Offeror to be not responsible or the Offeror's Proposal to be not reasonably susceptible of being selected for award at any time after the initial closing date for receipt of Proposals and prior to Contract award.

6.5.2 Selection Process Sequence

- A. A determination is made that the MDOT Certified MBE Utilization and Fair Solicitation Affidavit (**Attachment D-1A**) is included and is properly completed, if there is a MBE goal. In addition, a determination is made that the VSBE Utilization Affidavit and subcontractor Participation Schedule (**Attachment E-1**) is included and is properly completed, if there is a VSBE goal.
- B. Technical Proposals are evaluated for technical merit and ranked. During this review, oral presentations and discussions may be held. The purpose of such discussions will be to assure a full understanding of the State's requirements and the Offeror's ability to perform the services, as well as to facilitate arrival at a Contract that is most advantageous to the State. Offerors will be contacted by the State as soon as any discussions are scheduled.
- C. Offerors must confirm in writing any substantive oral clarifications of, or changes in, their Technical Proposals made in the course of discussions. Any such written clarifications or changes then become part of the Offeror's Technical Proposal. Technical Proposals are given a final review and ranked.
- D. The Financial Proposal of each Qualified Offeror (a responsible Offeror determined to have submitted an acceptable Proposal) will be evaluated and ranked separately from the Technical evaluation. After a review of the Financial Proposals of Qualified Offerors, the Evaluation Committee or Procurement Officer may again conduct discussions to further evaluate the Offeror's entire Proposal.
- E. When in the best interest of the State, the Procurement Officer may permit Qualified Offerors to revise their initial Proposals and submit, in writing, Best and Final Offers (BAFOs). The State may make an award without issuing a request for a BAFO.

6.5.3 Award Determination

Upon completion of the Technical Proposal and Financial Proposal evaluations and rankings, each Offeror will receive an overall ranking. The Procurement Officer will recommend award of the Contract to the responsible Offeror that submitted the Proposal determined to be the most advantageous to the

State. In making this most advantageous Proposal determination, technical factors will receive equal weight with financial factors.

6.6 Documents Required upon Notice of Recommendation for Contract Award

Upon receipt of a Notification of Recommendation for Contract award, the apparent awardee shall complete and furnish the documents and attestations as directed in Table 1 of **Section 7 – RFP Attachments and Appendices**.

Attachment B. Financial Proposal Instructions & Form

B-1 Financial Proposal Instructions

In order to assist Offerors in the preparation of their Financial Proposal and to comply with the requirements of this solicitation, Financial Proposal Instructions and a Financial Proposal Form have been prepared. Offerors shall submit their Financial Proposal on the Financial Proposal Form in accordance with the instructions on the Financial Proposal Form and as specified herein. Do not alter the Financial Proposal Form or the Proposal may be determined to be not reasonably susceptible of being selected for award. The Financial Proposal Form is to be signed and dated, where requested, by an individual who is authorized to bind the Offeror to the prices entered on the Financial Proposal Form.

The Financial Proposal Form is used to calculate the Offeror's TOTAL Proposal PRICE. Follow these instructions carefully when completing your Financial Proposal Form:

- A) All Unit and Extended Prices must be clearly entered in dollars and cents, e.g., \$24.15. Make your decimal points clear and distinct.
- B) All Unit Prices must be the actual price per unit the State will pay for the specific item or service identified in this RFP and may not be contingent on any other factor or condition in any manner.
- C) All calculations shall be rounded to the nearest cent, e.g., .344 shall be .34 and .345 shall be .35.
- D) Any goods or services required through this RFP and proposed by the vendor at **No Cost to the State** must be clearly entered in the Unit Price, if appropriate, and Extended Price with **\$0.00**.
- E) Every blank in every Financial Proposal Form shall be filled in. Any changes or corrections made to the Financial Proposal Form by the Offeror prior to submission shall be initialed and dated.
- F) Except as instructed on the Financial Proposal Form, nothing shall be entered on or attached to the Financial Proposal Form that alters or proposes conditions or contingencies on the prices. Alterations and/or conditions may render the Proposal not reasonably susceptible of being selected for award.
- G) It is imperative that the prices included on the Financial Proposal Form have been entered correctly and calculated accurately by the Offeror and that the respective total prices agree with the entries on the Financial Proposal Form. Any incorrect entries or inaccurate calculations by the Offeror will be treated as provided in COMAR 21.05.03.03.F, and may cause the Proposal to be rejected.
- H) If option years are included, Offerors must submit pricing for each option year. Any option to renew will be exercised at the sole discretion of the State and comply with all terms and conditions in force at the time the option is exercised. If exercised, the option period shall be for a period identified in the RFP at the prices entered in the Financial Proposal Form.
- I) All Financial Proposal prices entered below are to be fully loaded prices that include all costs/expenses associated with the provision of services as required by the RFP. The Financial Proposal price shall include, but is not limited to, all: labor, profit/overhead, general operating, administrative, and all other expenses and costs necessary to perform the work set forth in the solicitation. No other amounts will be paid to the Contractor. If labor rates are requested, those amounts shall be fully-loaded rates; no overtime amounts will be paid.
- J) Unless indicated elsewhere in the RFP, sample amounts used for calculations on the Financial Proposal Form are typically estimates for evaluation purposes only. Unless stated otherwise in the RFP, the Department does not guarantee a minimum or maximum number of units or usage in the performance of the Contract.
- K) Failure to adhere to any of these instructions may result in the Proposal being determined not reasonably susceptible of being selected for award.

B-1 Financial Proposal Form

The Financial Proposal Form shall contain all price information in the format specified on these pages. Complete the Financial Proposal Form only as provided in the Financial Proposal Instructions. Do not amend, alter or leave blank any items on the Financial Proposal Form. If option years are included, Offerors must submit pricing for each option year. Failure to adhere to any of these instructions may result in the Proposal being determined not reasonably susceptible of being selected for award.

- 7.7 The Contractor shall report to the Department, promptly and in written detail, each notice or claim of copyright infringement received by the Contractor with respect to all Deliverables delivered under this Contract.

The Contractor shall ensure that all data is backed up and recoverable by the Contractor. At no time shall any Contractor actions (or any failures to act when Contractor has a duty to act) damage or create any vulnerabilities in data bases, systems, platforms, and applications with which the Contractor is working hereunder.

The effect of termination of the Contract hereunder will be to discharge both the Contractor and the State from future performance of the Contract, but not from their rights and obligations existing at the time of termination. The Contractor shall be reimbursed for the reasonable value of any nonrecurring costs incurred but not amortized in the price of the Contract.
