Contractors must carefully examine the RFP and related documents. Should any contractor find discrepancies or omissions in this RFP or be in doubt as to the content or meaning of any aspect of this document, the contractor should direct inquiries and/or requests for clarification of the documents, specifications or the process as a whole in writing to Heidi Frist, Senior Purchase Agent, hmfrist@aacc.edu by **May 6, 2022 by 11:00 a.m. ET**. The submission of a proposal will indicate that the contractor thoroughly understands the terms of the RFP.

Contractors are advised that the College reserves the right to use its best judgment in providing or not providing a response to any question(s) received after the above cutoff date for questions.

1.6 RIGHT TO AMEND, MODIFY OR CANCEL RFP

The College reserves the right, at its sole discretion, to amend or modify any provisions of the RFP or to withdraw the procurement at any time prior to the award of a contract. This final decision will be based on the College's best interest.

The College reserves the right to change the contents of this RFP where necessary for the proper fulfillment of the intent of this procurement. Changes will be made in the form of written addenda. All addendums will be posted on the eMaryland Marketplace website. Offerors are solely responsible for obtaining any addendums. Addendums to solicitations often occur shortly prior to proposal opening (sometimes within as little as 24 hours). It is the potential contractor's responsibility to frequently visit the eMaryland Marketplace website to obtain addendums.

Verbal changes to the RFP are not valid unless confirmed by written addenda.

1.7 TWO VOLUME PROPOSAL

The selection procedure for this procurement requires an independent evaluation of the technical proposal and College submittal documents. This separation allows for evaluation of technical proposals on their technical merit only. Consequently, each contractor shall submit its proposal in two separately sealed volumes. Refer to Part Two - Submittal Format, paragraph 2.2 General Organization of Submittal Contents, page 9 of the RFP.

1.8 SUBMISSION OF PROPOSALS

Respondents must submit their proposal on the forms provided in this RFP. Both volumes must be submitted as separate PDF files, labeled appropriately, and sent in one email. Proposals must be digitally signed, and endorsed in the subject line of the Email "RFP C2023-04-P General Painting Services" to Ms. Heidi Frist, Senior Purchasing Agent, Email: hmfrist@aacc.edu. **Proposals will be**

received until Tuesday, May 24, 2022, no later than 11:00 a.m. ET. The time stamp that will be considered for the timely receipt of proposals will be the College's email time stamp, **NOT** the proposer's email sent time stamp. It is the responsibility of each contractor to ensure that their proposal is delivered prior to the scheduled due date and time.

Proposals will not be accepted electronically through eMaryland Marketplace Advantage (eMMA).

All costs incurred by the responding contractor associated with the preparation, submission, presentation of proposals and attendance at meetings, including but not limited to, costs related to transportation, meals, lodging, bonding and other related expenses, if applicable, will be the sole responsibility of the respondent(s) and will not under any circumstances be reimbursed by the College.

1.9 CONFIDENTIAL/PROPRIETARY INFORMATION

Contractors should give specific attention to the identification of those portions of their proposals which they deem to be confidential, proprietary information or trade secrets. Contractors must clearly indicate each and every section that is deemed to be confidential, proprietary or a trade secret. It is not acceptable to preface the entire proposal with a confidential or proprietary statement.

1.10 LATE PROPOSALS, LATE WITHDRAWALS, AND LATE MODIFICATIONS

It is the contractor's responsibility to ensure that its proposal is received by the Senior Purchasing Agent, Heidi Frist, at hmfrist@aacc.edu no later than **11:00 a.m. ET May 24, 2022**. The time stamp that will be considered for the timely receipt of proposals will be the College's email time stamp, **NOT** the bidder's email sent time stamp.

Proposals may be submitted at any time prior to this date and time. Any proposal, request for withdrawal or request for modification received after this date and time is late.

Late proposals, withdrawals, or request for modifications will not be considered unless it is received before award is made and the late proposal would have been timely but for the sole or paramount action or inaction of college personnel.

A late modification of a successful proposal that makes its terms more favorable to the College shall be considered at any time it is received and may be accepted.

1.11 ERRORS IN PROPOSALS

Contractors are responsible for the accuracy of their proposals. Respondents may withdraw or modify a proposal if notice of withdrawal or modification is received by the Senior Purchase Agent before the latest time specified for the receipt of proposal. All proposals are considered final after the date and time designated for receipt of proposal. Proposals may not be withdrawn, modified or canceled for a period of 180 days after the date and time designated for receipt of proposals. Withdrawal of a proposal after the deadline for receipt of proposals will not be permitted, except in those cases where, in the sole judgment of the College, based upon clear and demonstrable evidence, the proposing contractor has made a bona fide error in the preparation of the proposal and such error will result in substantial loss to the contractor. In that instance, an exception may be made by the College. Negligence on the part of the contractor in preparing its proposal confers no right of withdrawal, modification or cancellation of the proposal after the deadline for receipt of proposals.

Contractors are responsible for the accuracy of their proposed prices. In the event of a discrepancy between the unit price and its extension, the unit price will govern. In the event of a discrepancy between written words and figures on the proposal forms, the amount stated in written words will govern.

The College may contact any and all contractors to verify information included in a proposal and may clarify any questions regarding the information submitted in the proposal to make sure the submitted proposal is both responsive and responsible. The College may waive or permit cure of minor

irregularities. The College may waive any formalities, informalities and technicalities in evaluation of the proposal as are deemed appropriate, necessary and in the College's best interest.

1.12 EVALUATION OF PROPOSALS

Proposals must meet the proposal requirements as stated under Part Two – Submittal Format on page 9 of this RFP. Proposals that fail to meet one or more of the criteria may be ineligible for award.

The College selection and evaluation committee will utilize information submitted by the contractors to evaluate technical proposals. The contractors will be evaluated based on the following criteria:

1. Company Information
2. Contractor's Qualifications and Relevant Experience
3. Project Approach & Understanding (Sample Task)
4. Supplemental written information requested by the panel, if applicable.

Award will be based upon factors in addition to price and may not necessarily be made to the lowest offer. The contractor(s) that is/are judged to be best qualified to render the services, price and other factors considered, will be selected. It is the College's intent to award the contract to the contractor(s) which, based upon the criteria for evaluation, is the most responsive and responsible contractor for the provision of the work.

The College reserves the right to negotiate or modify any element of the proposal evaluation process to secure the best possible arrangement for achieving the stated purpose.

The College reserves the right to conduct any investigations deemed necessary to determine the ability of a contractor to provide the work as specified herein. This includes the right to contact any current and past customer of the contractor in order to assist with the verification of references or to determine the vendor's degree of qualification.

The College reserves the right to clarify information submitted in a proposal to determine whether an error has been made or whether a waiver of formality, informality or technicality is appropriate. Contractors must provide all information and data necessary for the College to determine if the proposal is responsive and responsive to the RFP's requirements as stated herein.

1.13 INTERVIEWS

A college evaluation team will utilize the information submitted to evaluate proposals. Based on the outcome of the initial evaluation, one or more contractors may be required to meet virtually with college officials for clarification and questions. Information provided during the interview will be used to supplement the prior evaluation of the written technical proposal and the final evaluation of technical capabilities will take into account both the written technical proposal and the interview. The evaluation team will again rank the proposals and forward the recommended final technical ranking to the Purchasing Agent for further consideration.

Interviews are an option of the College and may or may not be conducted. Contractors shall not rely on the possibility of being required to virtually meet with college officials and shall submit a complete and comprehensive written response to this solicitation. If the College elects to invite a contractor or contractors to be interviewed, contractors agree to be available on date(s) specified by the College (see tentative schedule of events on page 1). **The contractor's key personnel who will be assigned to this project will be required to be in attendance and be prepared to conduct an oral review of their proposal.** Failure to be available on specified dates may lead the College to elevate another proposal for further consideration.

1.14 FINANCIAL STABILITY

The College, at any time during the RFP process, before and/or after receipt of proposals and before and/or after award of contract, may require additional documentation to provide evidence of financial

stability, and or to reduce the risk exposure of the College. Additional documentation may include but not be limited to:

- Independently audited, reviewed or compiled financial statements for the two most recent complete years. Financial statements should include Balance Sheet, income statement and statement of cash flows, as well as notes, disclosures, and/or opinions as referenced in the auditor's report.
- If audited, reviewed or compiled financial statements are not available, the Contractor shall provide all the following documents to support financial stability:
 - a. A letter of reference from the Contractor's bank or financial institution;
 - b. Credit reference letters;
 - c. Internal financial statements;
 - d. The two most recent year's tax returns.
- Complete Dun & Bradstreet report inclusive of a Dun & Bradstreet rating, interim internal financial reports, performance bond, letter of credit, or the establishment of an escrow account.

FAILURE TO PROVE FINANCIAL STABILITY MAY RENDER THE CONTRACTOR'S PROPOSAL NON-RESPONSIVE AND INELIGIBLE FOR AWARD.

1.15 CRITERIA FOR CONTRACTOR SELECTION AND EVALUATION OF PROPOSALS

Although cost must always be taken seriously into consideration in making a determination regarding award of contract, the College will specifically evaluate Proposals on the basis of the following criteria:

Cost	50%
Qualifications and Relevant Experience	40%
Minority Participation	5%
Overall, any other factors the College may deem appropriate	5%

1.16 ANNE ARUNDEL COMMUNITY COLLEGE RESERVED RIGHTS

Anne Arundel Community College reserves the right to:

- Adopt any or all portions of the contractor's proposal to best serve the needs of the College;
- Modify or waive minor irregularities and technical defects in the contractor's proposal to protect the best interest of the College.
- Negotiate or modify any element of the proposal evaluation process to secure the best possible arrangement for achieving the stated purpose.
- Conduct any investigations deemed necessary to determine the ability of a contractor to provide the work as specified herein. This includes the right to contact any current and past customer of the contractor in order to assist with the verification of references or to determine the vendor's degree of qualification.
- Clarify information submitted in a proposal to determine whether an error has been made or whether a waiver of formality, informality or technicality is appropriate. Contractors must provide all information and data necessary for the College to determine if the proposal is responsible and responsive to the RFP's requirements as stated herein.

1.17 AWARD OR REJECTION OF PROPOSAL

The master contract will be awarded to the contractor(s) complying with all the provisions of this RFP and stated criteria, subject to the availability of funding and provided it is the best interest of Anne Arundel Community College to award the contract. It is the College's intent to award the master contract to multiple contractors which, based upon the criteria for evaluation, are the most responsive and responsible contractors for the provision of the work.

Anne Arundel Community College may reject any and all proposals, at any time, whenever such is in the best interest of the College. A contractor's proposal may be rejected for one or more, but not limited to the following reasons:

1. Failure of the contractor(s) to submit a bid within the time frames specified;
2. Failure of the contractor(s) to provide the required information;
3. Failure of the contractor(s) to respond to the request for clarification, presentation or demonstration;
4. Failure of the contractor to follow the prescribed RFP instructions, including preparation, submission and response format;
5. Collusion among or between contractors;
6. Unbalanced proposals whereby the prices quoted for some work are inconsistent with prices quoted for similar work;
7. Lack of responsibility on the part of the contractor;
8. Financial instability of contractor submitting the proposal;
9. Failure of the contractor to successfully negotiate a contract;
10. Submission of a proposal that does not meet the College's requirements as outlined.

The College reserves the right to reject any proposals if the evidence submitted by, or investigation of, such contractor fails to satisfy the College that such contractor is qualified to carry out the obligations of the contract herein.

Conditional Proposals will not be accepted.

If the contractor, to whom an award is made, fails to execute the contract as specified, the award may be annulled and the contract awarded to the second most responsive and responsible contractor. The second contractor will be required to fulfill every stipulation included herein, as if it was the original party to whom the award was made. If the second contractor fails to fulfill its obligations, the College may reject any and/or all of the proposals at its discretion.

1.18 MULTIPLE AWARD CONTRACT

This proposal is issued to establish a Multiple Award Contract (MAC). A MAC is a contract made with more than one (1) contractor that is capable of providing the same or similar type of supplies or services at varying prices for delivery within the same geographical area.

AACC may use any of the awarded contracts, not necessarily the lowest price. The College reserves the right to issue purchase order(s) to the contractor(s) it determines to be in the best interest of the College based on location, instrumentation, time or other. There is no guarantee one contractor will get the same as another.

1.19 VENDOR INFORMATION

During the award process, the successful contractor will be required to self-register in the College's procurement system.

1.20 NOTICE TO PROCEED

Upon determination of the most responsive and responsible contractor, a notice of award will be sent to the successful contractor. Non-award letters will also be issued. The specified contract time will begin on the date of the "Notice of Award." Both the contractor and the College will work diligently to process and agree to a written contractual agreement within 10 days after the notice of award has been issued.

1.21 DEBRIEFINGS

Debriefing of an unsuccessful contractor will be conducted upon written request submitted to the purchasing agent within ten (10) days of the announcement of the recommended award. This

debriefing will be oral and be limited to a discussion of the unsuccessful contractor's proposal only and will provide information on areas in which it was deemed weak or deficient.

1.22 PROTESTS TO BID OR PROPOSAL RESULTS

An interested party (actual bidder, offeror or contractor) may protest an award or proposed award of a contract for goods or services to all publicly solicited items or services with a value of \$50,000 or more. The protest must be submitted in writing, addressed to the Director of Purchasing & Contracting, and be clearly marked as "Protest" on the outside of the envelope within seven days of the announcement of award.

Statement of work submitted to one or multiple of the awarded vendors may contain scope documents such as; project scope, drawings, specifications, etc., and pricing form.

The contractor's quote must confirm the statement of work as requested, or provide clarification and exclusions as necessary. Contractor's quote must show list price of supplies/equipment and extended price using this contract's percentage markup allowance. If subcontractors are used, Contractor's quote must itemize the cost by showing subcontractor's quote and this contract's percentage markup allowance.
